

NEW ADVANCED TECHNOLOGY Power OE Series Serpentine Belts

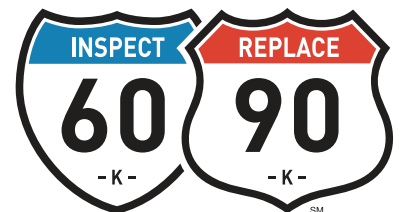

NEW

THE MOST ADVANCED SERPENTINE BELT IN THE MARKETPLACE.

- Matched OE size, materials and construction
- Adaptation to OE specifications
- Quietest and highest performing belts available
- Reduces noise, vibration and premature failure

BE SYSTEM SMART

The best way to prevent system failure and customer come-backs is to *Be System Smart* and *Think I60 & R90*. Inspect the serpentine system at 60K miles and replace worn components by 90K miles, or as advised by the manufacturer.

TAKE ME TO YOUR LEADER.

THE WORLD LEADER IN OE BELT COVERAGE.

When it comes to Original Equipment belts, no one beats NAPA Belts and Hoses. NAPA's supplier makes more belts for more vehicles than any other manufacturer. [Worldwide.](#)

For more information about the new Power OE Series Serpentine Belts, talk to your NAPA Belts/Hoses Sales Representative.
