GM Compressor Switch

Problem: "I just broke the pressure switch for my 03 GMC Van and with every other supplier, I have to replace the entire compressor. Is the switch available separately?"

Solution: Four Seasons now offers part number TEM 207854 replacement compressor switch.

On some applications with a purple or orange switch, we now offer a replacement switch, part number TEM 207854, that is NOT available from the OE. This switch is a rare find in the aftermarket, so look no further than Four Seasons...your Problem Solving Provider!
