

FLEETRANNER® HI-TEMP
STRAIGHT COOLANT HOSE

HI-TEMP HI-PERFORMANCE HI-MILEAGE

Introducing FleetRunner Hi-Temp Straight Coolant Hose

You know the NAPA Belts/Hose family of heavy-duty solutions for their trusted performance. Now you can get a durable straight coolant hose rated from -40°F to 300°F with the assured quality of FleetRunner.

FLEETRANNER® HI-TEMP STRAIGHT COOLANT HOSE

HI-TEMP. HI-PERFORMANCE. HI-MILEAGE.

Built to excel in the extreme conditions of modern heavy-duty engine compartments, FleetRunner Hi-Temp Straight Coolant Hose is the durable solution for extended use in heavy-duty trucks.

- -40°F to 300°F temperature rating
- Advanced peroxide-cured EPDM rubber
- Exceeds SAE 20R1 specifications
- Resists electrochemical degradation
- High working pressure rating

A SMARTER OPTION

In high-temperature applications up to 300°F, FleetRunner Hi-Temp Straight Coolant Hose is a superior option to silicone hose. Not only is this hose less expensive, its water permeation rate is significantly less than silicone, leading to a substantial savings on coolant and a more environmentally friendly option.

NAPA BELTS/HOSE POWERGRIP® SB CLAMPS

FleetRunner Hi-Temp hose can be installed with a variety of clamps, but we recommend NAPA Belts/Hose PowerGrip SB Clamps for maximum performance.

- Maintenance free, thermoplastic heat sensitive clamps retain dynamic tension
- Never need retightening and conform to any shape
- Eliminate cold water leaks even on out-of-round applications
- Environmentally friendly by eliminating antifreeze leaks and ground water contamination

EASY TO FIT

FleetRunner Hi-Temp Straight Coolant hose is packaged in 3-foot lengths with nine I.D. options for precise sizing.

Part No.	I.D. (in.)	O.D. (in.)	Working Pressure (psi)	Quantity
1800	1	1.39	150	
1802	1-1/4	1.64	150	
1804	1-1/2	1.89	150	
1806	1-3/4	2.14	150	
1808	2	2.39	150	
1810	2-1/4	2.64	125	
1812	2-1/2	2.89	125	
1814	2-3/4	3.14	125	
1816	3	3.39	125
